SUPPORT THE EDUCATION OF A BOY FROM KENYA

Our school has joined a sponsorship program and we've decided to help Emmanuel, a boy from Kenya who is currently in 4th grade. Emmanuel has lost both of his parents and is growing up in very difficult conditions.

MIN 50 KČ

You can donate any amount and become a part of this meaningful cause. Even a small contribution can make a big difference in a child's life.

Thanks to our support, he can go to school, receive food, basic hygiene, and have a real chance at a better future.

Dear Emmanuel,

we are sorry, we haven't sent a letter for so long. Veronika isn't a teacher in our school anymore, so now we are writing as 9th graders. We are a class of 18 children.

How is it going with football? Do you still play with your friends? We also play football but only on our lunch break.

In Czech republic the summer holidays just ended. What about yours? How was it? We hope you enjoyed it and had fun.

We have four seasons of the year. Summer, autumn, spring, winter. The summer is the hottest part of the year, in autumn it's getting colder. In spring it's getting hot again, in the winter it's the coldest weather of the year. In Czech republic autumn will start soon. How about in Kenya?

We hope you are doing great. Goodbye...
Yours sincerely 9th graders.♥
